(a): Yes. Online Registration System (ORS) is being implemented in various hospitals in States/UTs to provide online registration, online appointment services to citizens along with online viewing of medical test report on ORS portal by citizens. So far it has been implemented in 43 hospitals. However, the module for online viewing of reports has been started only in four hospitals (viz. AIIMS, New Delhi; RML, New Delhi; NIMHANS, Bengaluru; and PGIMER, Chandigarh) through this Portal (http://ors.gov.in/copp/lab_report_gate.jsp)
(b): Financial assistance is being provided for introducing this application in District/Sub-district hospitals & CHSs under National Health Mission (NHM) as per the proposal received from states/ UTs in their program implementation Plan (PIP)
